# The Takeform difference

kurt LYONS  
Chief Creative Officer

“ You need a different kind of sign company.

One that can take end-to-end responsibility for your project. At Takeform, we bring together a passionate team of wayfinding specialists, sign designers and manufacturing experts who can offer what was previously unavailable—control. One company that can plan, build and support your sign system long after it leaves our multi-disciplined hands. Dates met. Budgets protected. Something few can promise. And only one can deliver. **Discover different.** ”

When you buy design and wayfinding from one company and sign fabrication from another, you may find yourself caught in the middle, leaving you exposed to budget overruns and costly

YOUR PROJECT.  
OUR RESPONSIBILITY.

delays. Takeform's total project approach means you have one company responsible for your project's success and one-source accountability at every stage of the process.

## 1 WAYFINDING & DESIGN

We manufacture signs putting Six Sigma principles to work for quality and on-time delivery. That assurance is lost when dealing with a graphic designer or reseller who may not be able to control either the product or the process.

- Wayfinding
- Sign System Design
- Spatial Branding
- Project Management

## 2 BUILD & INSTALL

- Complete Fabrication
- Permits, Installation, Removal
- Full Documentation of Your Sign System

## 3 OWNERSHIP SUPPORT

“If you are unhappy for any reason over the term of our five-year guarantee, we will make it right. No conditions, exclusions or fine print.”

bill HUNGERFORD  
President

Our total project approach assures the after-sale support so often missing when sign design and fabrication are disconnected. Our TakeCare program keeps your signs current and your cost of ownership low.

- Dedicated Account Executive
- Annual Sign Review
- 2 Year Price Protection
- Insert Templates or Inserts in 48 Hours
- 5 Year Guarantee
